Chapter 1 of the Laws of 2002 authorized the conversion of Empire Health Choice, d/b/a Empire Blue Cross and Blue Shield from a not-for-profit corporation to a for-profit corporation. Chapter 1 requires, in part, that upon such conversion, assets representing 95 percent of the fair market value of the not-for-profit corporation be transferred to a fund designated as the "Public Asset Fund" and 5 percent transferred to a Charitable Foundation - as set forth in (s) 7317 of the Insurance Law. On December 28, 2005, Wellchoice, Inc. (previously known as Empire Blue Cross, Blue Shield) approved a takeover by Wellpoint, Inc. This conversion was also subject to the same Chapter 1 requirements of assigning assets representing 95 percent of the fair market value of the not-for-profit corporation be transferred to the "Public Asset Fund".

As of June 30, 2012, \$11,624,871.57 (representing the remaining balance of the State's 95 percent share of the fair market value of the not-for-profit corporation plus interest) is on deposit in the sole custody account titled Public Asset Fund. In accordance with Section 4301(j)(4)(F) and (O) of the Insurance Law and at the direction of the Director of the Budget, these funds are available for transfer to HCRA Resource Fund (20800).

*Pursuant to §98 of the State Finance Law, the State Comptroller is authorized to invest and keep invested all moneys, in any fund, held by the State. The Short Term investment Pool (STIP) represents an accounting mechanism that allows for the separate accounting of individual funds/subfunds (on deposit in State's general checking account) for the purpose of making short term investments. Pursuant to State Finance Law §4(5) the Short Term Investment Pool is authorized to temporarily loan to the General Fund-State Operations Account (10050) funds for a period of four months or the end of the fiscal year, which ever is shorter. However, it must be noted that certain funds/subfunds are invested as part of STIP, but are held by the State Comptroller in a fiduciary capacity. Fiduciary fund balances are restricted and may not be used for any State purposes since moneys in such funds are held by the State in a trustee (or fiduciary) capacity or as an agent for individuals, private organizations, or non-State governmental units (e.g. local governments, public authorities). Therefore, Fiduciary fund balances are not available to be temporarily loaned to the General Fund-State Operations Account. Fiduciary fund balances are presented in Schedules 3 and 4 of this report.

The Division of the Budget (DOB) is responsible for organizing and presenting the above schedule of 'Off Budget Spending'. Such reported disbursements are drawn from unaudited financial data provided by public authorities. Although the Office of the State Comptroller (OSC) has no reason to believe this information to be unreliable, it is important to note that these program disbursements are financed with public authority bond proceeds deposited directly into public authority accounts and all disbursements are made without any oversight by the OSC. Therefore, and pursuant to the provisions of Chapter 60, §16, of the Laws of 2006; this schedule is provided for information only.

Schedule of Month-End Temporary Loans Outstanding June 30, 2012

Temporary Loans are authorizations enacted by the Legislature to allow certain funds/accounts to make appropriated (cash) payments where the funds/accounts do not have sufficient (available) cash on deposit to make such payments. Such loans are made from the State's Short-Term Investment Pool (STIP) and are intended to satisfy **temporary** cash flow needs whenever scheduled disbursements exceed available revenues during the fiscal year. Generally temporary loans are repaid from the first cash receipts of the fund/account. Temporary Loans are authorized pursuant to Subdivision 5 of Section 4 of the State Finance Law and yearly legislation.

It is the prudent and proper practice of the State Comptroller's Office to reduce the (spendable) cash balance of appropriated fund balances at the time that checks and electronic payments are issued. The concept of monitoring 'spendable funds' is employed by the State Comptroller in the central accounting system to ensure that all disbursements (including checks and electronic payments that are future dated) do not exceed the cash available to finance ongoing payments made from the State Treasury. Therefore, the amount of Temporary Loans (from the short-term investment pool) reflects the spendable fund balance, reduced for certain local assistance payments made in the reporting month that had a check or electronic payment date in the following month. The temporary loan balances for the all funds reflect the 'actual' fund cash balances as of the close of business on the last day of the reporting month and are not adjusted for future-dated check and electronic payments. Furthermore, tax receipts remitted to the State on the last business day of the month are drawn into the State Treasury on the first business day of the next month. These final tax receipts are reported by the Department of Tax and Finance as tax collections for the reporting month but have no impact on the month-end temporary loan balance since such receipts were not available until the first business day of the next month. Post-closing adjustments are taken-on to the State's cash-basis financial statements to count future dated payments in the month of the check or electronic payment and tax revenues in the month that these were received.

Please refer to Schedule 1 for a detailed analysis of the 'reported' cash balances of the fund groups.

Temporary Loans are authorized pursuant to Subdivision 5 of Section 4 of the State Finance Law and Chapter 59, Part U, Section 1 and 1A, of the Laws of 2012-13. The loans represent authorizations made by the Legislature to allow certain funds/accounts to make appropriated payments regardless of the fund (cash) balance.

Such loans are made from the State's Short-Term Investment Pool (STIP) and are intended to satisfy temporary cash shortfalls whenever scheduled disbursements exceed available revenues during the fiscal year. Generally, temporary loans are repaid from the first cash receipts of the fund or account; however, in some cases actual

revenues are not sufficient to repay all loans made to the fund or account and a transfer from the General Fund "Repayment of Receivables" appropriation is approved by the Budget Director.
